LOOKING FORWARD

As we enter Fiscal Year 2026, the AGA Atlanta Chapter remains focused on strengthening connections, enhancing education, and ensuring long-term financial stability. We are confident our commitment to adaptability, collaboration, and service will continue to guide us in delivering meaningful value to the community we serve.

OVERCOMING & ADVANCING:

- **Rising to lead:** AGA Atlanta has been fortunate to have strong leaders, but recruiting new leaders was challenging. To encourage participation and show appreciation, the Chapter began covering dues for Executive Committee members, supporting their efforts and thanking them for their commitment to our Chapter. This simple shift allowed us to welcome four new perspectives to our Executive Committee for Fiscal Year 2026.
- **Strengthening our community:** Member retention and community engagement remains a key priority, especially among federal employees where we saw a sharp renewal decline but increase in participation. To address this, we are expanding our reach to new agencies, reengaging with lapsed members, and expanding opportunities for engagement to ensure our community sees the value of AGA membership.

BUILDING ON SUCCESS:

- **Accessible education:** We are restructuring our educational opportunities to ensure accessibility and continued value by reducing the cost of attendance and increasing webinar and in-person offerings in the second half of Fiscal Year 2026. Our topics will be broadened to address emerging trends, incorporate more soft-skills, and provide more hands-on learning experiences for attendees.
- **Funding our future:** With a change in revenue structure, the Chapter is pursuing new sponsorships and partnerships to sustain programming and keep costs low. Additionally, these partnerships will allow us to expand our current scholarship offerings and to invest in new opportunities that strengthen and support our professional community and students.
